How did the Fund perform during the reporting period?

The Fund uses a proprietary model to quantitatively rank Exchange-Traded Funds (ETFs) on a risk-adjusted basis, constructing a diversified portfolio that reflects model strength. The goal is to deliver equity-like returns with lower volatility than equity indices over a full market cycle.

The Fund held four distinct asset classes at the start of the fiscal year. The allocation was 62.3% domestic equity, 8% international equity, 9.4% fixed income, 3.8% precious metals, and 16.5% in cash.

Multiple international ETFs showed strength in our model during the summer of 2025, and we increased the Fund's international allocation to approximately 24% while dropping the Fund's cash holdings to 2%. We slowly trimmed the international position down to roughly 12% when strength wavered in the fall and early 2026. The Fund's domestic equity position held close to its starting value of 62.3% throughout the twelve months covered in this report. We had 70.3% of the Fund in domestic equity in early 2026 but quickly cut it to below 60% in March 2026. The Fund's precious metals position did very well during the fiscal year but volatility and its decline in our model had us close out the Fund's position in February. We closed out the Fund's position in U.S. Treasury bonds in May. Although the Fund's cash position hit a low of 1.77% in August, it slowly increased due to derisking the portfolio across all the asset classes.

The Fund ended the fiscal year with a conservative portfolio, with 63.4% in domestic equity, 11.4% in international equity, and 25.2% cash.

Material Fund Changes

This is a summary of certain Fund changes to the Fund since June 1, 2025. For more information, you may review the Fund's next prospectus, which we expect to be available by September 28, 2026, at https://northsquareinvest.com/fund-etf-literature-and-morningstar-ratings/ or upon request at 1-855-551-5521.

On January 8, 2026, Azimut Group, via its U.S. subsidiary, Azimut U.S. Holdings Inc., acquired North Square Investments, LLC (the "Adviser"), the Fund's investment adviser (the "Transaction"). The Transaction did not result in any material changes in the day-to-day management of the Fund, or the Adviser or to the Fund's investment objective and principal investment strategies. The closing of the Transaction resulted in a change of control of the Adviser, which caused an "assignment" under the Investment Company Act of 1940, as amended, of the Fund's then current investment advisory agreement between the Trust, on behalf of the Fund, and the Adviser (the "Prior Advisory Agreement") and resulted in its automatic termination, effective as of the closing of the Transaction. The Transaction also resulted in a change of control of the Adviser's affiliated sub-adviser, CSM Advisors, LLC ("CSM"). The Transaction also resulted in the termination of the then current sub-advisory agreement (the "Prior Sub-Advisory Agreement") between the Adviser and CSM.

A new investment advisory agreement between the Trust, on behalf of the Fund, and the Adviser (the "New Advisory Agreement") with substantially identical terms to the Prior Advisory Agreement, including the advisory fee rate, and a new sub-advisory agreement between the Adviser and the sub-adviser (the "New Sub-Advisory Agreement"), with substantially identical terms to the Prior Sub-Advisory Agreement were approved by the Trust's Board of Trustees on October 7, 2025. The Board also approved interim investment advisory and sub-advisory agreements and an interim expense limitation agreement to permit continuity of management upon termination of the Prior Advisory Agreement and until shareholders approved the New Advisory Agreement. A joint special meeting of shareholders of the Fund (the "Special Shareholder Meeting") was initially held on December 19, 2025, adjourned and reconvened from time to time until March 11, 2026, whereby shareholders of the Fund approved the New Advisory Agreement. The New Advisory Agreement and New Sub-Advisory Agreement did not result in any material changes to the Fund's investment objective and principal investment strategies or to its portfolio management. Additionally, a new expense limitation agreement with substantially the same terms as the prior expense limitation agreement with respect to the Fund, including the contractual expense cap, took effect with the approval of the New Advisory Agreement.
